Additional information on the Friends and Family Test
Sample patient questionnaire

Frequency and distribution of ratings for the Friends and Family Test question

How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?

Table 1

Criteria category for scoring	Response scale	Number of responses	Percentage of responses*
Promoters	Extremely likely	23	50%
Passive	Likely	19	41%
Detractors	Neither likely nor unlikely	4	9%
	Unlikely	0	0%
	Extremely unlikely	0	0%
	Don't know	0	0%
Total responses to this question		46	100%

* May not add up to 100% due to rounding

Number of patients who left Q1 blank (but provided other feedback on the questionnaire)	1
Total number of patients providing feedback	47

Graph 1

91% of patients who responded to the survey would be either extremely likely or likely to recommend your practice to friends and family if they needed similar care or treatment.

The sum of the 'Extremely likely' and 'Likely' percentage of responses in Table 1 may not equal the percentage in the grey box above due to rounding.

Of those 46 patients who answered the Friends and Family Test question, 46 (100%), filled out a paper questionnaire and 0 (0%), completed a questionnaire online.

Cumulative and previous survey information

Table 2

	Total responses to Q1	Percentage of patients extremely likely or likely to recommend	Frequency and distribution of ratings					
			Extremely likely	Likely	Neither likely nor unlikely	Unlikely	Extremely unlikely	Don't know
Cumulative feedback*	569	87%	310	184	41	19	5	10

*This cumulative feedback is based on the sum of the previous months survey data, as below (up to a maximum of 12 months).

	Total responses to Q1	Percentage of patients extremely likely or likely to recommend	Extremely likely	Likely	Neither likely nor unlikely	Unlikely	Extremely unlikely	Don't know
Dec-15	46	91%	23	19	4	0	0	0
Nov-15	50	74%	18	19	9	1	1	2
Oct-15	44	86%	20	18	3	3	0	0
Sep-15	51	88%	35	10	2	2	2	0
Aug-15	48	88%	27	15	4	1	0	1
Jul-15	47	96%	27	18	1	1	0	0

Feb-15	47	83%	24	15	4	3	0	1
Jan-15	42	76%	20	12	5	3	0	2

Patient comments

The following comments are from patients who indicated that they were happy for these to be made public.

All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

Please tell us why you answered as you did in question 1:

- Never had any problems with my GP.
- Because having been a patient for a long time I have always received the best of care.
- I am very happy being here.
- I have always been treated with respect by GPs and staff. They are always helpful on reception and try to accommodate appointment times with working days. Polite and informative.
- Everyone in the practice is helpful and friendly at all times. They have always been there in my times of need.
- Good.
- Very helpful.
- Excellent.
- I find the surgery helpful. The receptionists are really understanding.
- Do not visit a lot. Staff always have time for you.
- Quality of service.
- Same day appointment if ringing in early.
- Very good doctors and staff.

Please tell us why you answered as you did in question 1:

- I have always been treated well and happy with service.
- They're very hopeful.
- Have to wait to see my preferred doctor but everyone is polite and helpful.
- Good surgery.
- Very good service and polite staff.
- Great doctor.
- Have always been seen when needed. Given good care and advice.
- Very helpful staff.
- Because I have always had fantastic care from all the GPs, nurses and reception staff.
- Friendly, helpful staff.
- Good.
- Reception are very good and friendly.
- Excellent.
- Very good.
- Always helpful and try to help you the best they can.
- Highly satisfied with all treatment.

Additional information on the Friends and Family Test

The Friends and Family Test (FFT) is a feedback tool that supports the fundamental principle that people who use NHS services should have the opportunity to provide feedback on their experience that can be used to improve services. It is not a traditional survey. It is a continuous feedback loop between patients and practices.

Practices can use the feedback gathered through the FFT to celebrate successes and to support staff to make improvements where the experience of service does not live up to expectations. FFT results are also one useful source of information which can help to inform choice for patients and the public.

More information and guidance about the use of the FFT in the NHS can be found at <http://offlinehbpl.hbpl.co.uk/NewsAttachments/PGH/FFT.pdf> and <http://www.england.nhs.uk/wp-content/uploads/2014/07/fft-imp-guid-14.pdf>.

Friends and Family Test

Example

You can help this general practice improve its service

- This practice would welcome your honest feedback
- All the information provided by patients is put together in a report for the practice. Your answers will not be identifiable. Any comments you make will be included in their entirety but all attempts will be made to remove information that could identify you.
- Once completed, please return this survey to reception in the envelope provided

Please mark the box like this with a blue or black ball-point pen. If you change your mind just cross out your old response and make your new choice.

We would like you to think about your recent experience of our service

1 How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?

Extremely likely Likely Neither likely nor unlikely Unlikely Extremely unlikely Don't know

2 Please tell us why you answered as you did in question 1

Please select this box if you DO NOT wish your comments to be made public

3 Are you:

Male Female

4 What age are you?

0 – 15 16 – 24 25 – 34 35 – 44 45 – 54
 55 – 64 65 – 74 75 – 84 85+

5 What is your ethnic group?

White Mixed/Multiple ethnic groups Asian/Asian British
 Black/African/Caribbean/Black British Other ethnic group

6 Are your day-to-day activities limited because of a health problem or disability which has lasted, or is expected to last, at least 12 months? (include any issues/problems related to old age)

Yes, limited a lot Yes, limited a little No Prefer not to say

Thank you for your time and assistance
